

C-Splash 2

Submersible spotlight with intelligent RGB light

Date: _____
Type: _____
Firm Name: _____
Project: _____

C-Splash 2 is an ultra-thin, submersible luminaire designed to provide vibrant color and color-changing light in water to a depth of 4.6 m (15 ft). With its watertight cast brass housing and silicon bronze adjusting hardware, C-Splash 2 is perfect for water-based applications such as fountains and theme park installations, as well as for applications situated in harsh environments.

- Rugged and watertight; extremely low-maintenance
- Choice of beam angles and light positioning
- Compatible with industry-leading controls
