Description

Insulated housing with magnetic transformer designed for certain 4" trims of the Classic line with MR16 lamps.

- Below-ceiling accessible
- No light leakage
- **Halogen MR16 50W MAX**
- GU 5.3 socket
- Compatible with 120V, 277V (2) and 347V (3) input
- Can fit in ceilings up to 7/8" (22 mm) thick
- Meets **Chicago Plenum (P)** requirements
- Certified cULus for damp locations
- A 7-1/8" (180 mm) **clearance** beyond the ceiling level is required to install the housing
- Mounting bars extend from 10" (254 mm) to 24-1/2" (622 mm) to fit in most ceiling structures
