Détails

Bring a fresh, modern look to your home with the Aria 52-Inch Ceiling Fan in white, designed to keep things simple, stylish, and comfortable. Its three sleek blades and all-white finish create a clean, streamlined feel that works well in bedrooms, living rooms, and open spaces. The integrated 18W LED light provides bright, warm illumination and can be dimmed to suit your mood, while the included remote makes it easy to control both the fan and light from anywhere in the room. Quiet and efficient, the Aria helps keep air moving year-round and installs securely with a downrod for a polished, finished look that fits right into modern everyday living.

- Modern 52-inch ceiling fan in all-white finish for a clean, minimalist aesthetic
- Features three aerodynamic blades for efficient, quiet airflow in any season
- Integrated 18W dimmable LED light kit provides 1000 lumens at a warm 3000K tone
- Includes remote control for easy adjustment of fan speed and lighting from anywhere
- Ideal for bedrooms, living rooms, and entertainment spaces with modern or transitional decor
- Downrod mounting system offers secure installation on most standard ceiling types
- Combines sleek design, energy efficiency, and year-round comfort in one stylish fixture
